Penrith Cycling Club

Friendly and competitive cycling for all ages in Sydney's West

DATE: 2008-06-16 **RACE: Club Championship 90km**

Good conditions for a road race today and a surprisingly good turn out also. Around 40 riders faced the start line for the championship race and there were also D and E grade races on. Championship results listed under A grade below.

A GRADE

With the South westerly blowing the way it was and the 40 odd starters, this was a race destined to split. By the time 2 laps were ridden, around half the starters had been dropped. Most of the carnage happened on the finishing straight where the pace was driven pretty high in the right hand gutter meaning virtually no shelter and a case of simply putting the head down and staying near the front. At around 50km, there were 14 riders left. The attacks and counters moves kept on coming with a couple of riders permanently up the road until Dave Shuttleworth and another rider (can't remember who, may have been Mitch?) got a slightly larger gap. With 5 laps to go Eddie jumped across and then it was Peter Milostic and someone else who bridged to the front. There were around 5 riders left chasing at this stage, but the guys in the front quickly established a good gap and the chase required to bring them back was too much. Eddie won from Dave Shuttleworth in 2nd place followed by Pete Milostic and Mitch Stock.
